Ref. No.: SHRF-E11A-BED/263

SIMPLIFI RECRUITMENT

Job Title: **Software Developer**

QA/ QC Tester

Employment Type: **Internship**

Location: **Duc Nhuan, Ho Chi Minh City, Vietnam**

About Us

Simplifi is an industry-leading company offering products and services focused on advanced connectivity, scalability, extensibility, and compatibility. We combine cellular data connectivity with enterprise-grade cloud software to deliver easy-to-use tools and interfaces that meet business needs.

With headquarters in Naples, Florida, and offices in San Diego, Detroit, Mexico City, Buenos Aires, and Ho Chi Minh City, we focus on delivering technology that improves efficiency and connectivity.

At Simplifi, we solve complex challenges and build impactful digital experiences. As part of this direction, we are expanding into several promising projects and clients, including Fabu - a potential client specializing in website design. Through this collaboration, we aim to deliver high-quality, user-focused websites.

We are looking for interns and fresh graduates with relevant backgrounds to join our team and contribute to projects aligned with their skills and goals.

Join Simplifi to work with skilled developers and engineers to solve customer challenges and build effective solutions.
