**Job Title:** Front-End Developer

**Position:** Full-time - On-site: Thao Dien Street, Thao Dien Ward, District 2 (Thu Duc City), Ho Chi Minh City

**Salary:** 18mil - 30mil (net)

**Apply:** Send your CV to: [careers@bioturing.com](mailto:careers@bioturing.com)

**Job Overview:**

We are seeking a skilled Front-End Developer to join our team. The ideal candidate will be responsible for developing and implementing user interface components for our web applications. You should have a keen eye for detail, a passion for creating beautiful and functional user experiences, and experience working with HTML, CSS, JavaScript, and various front-end frameworks.

**Responsibilities:**

- Collaborate with the design team to translate mockups into functional user interfaces
- Write clean, efficient, and well-documented code using HTML, CSS, and JavaScript
- Ensure cross-browser compatibility and responsiveness of all UI components
- Build reusable code and libraries for future use
- Optimize the performance of web applications
- Stay up-to-date with emerging trends and technologies in front-end development

**Requirements:**

- Minimum of 2 years of experience in front-end development
- Proficiency in HTML, CSS, JavaScript, and jQuery
- Knowledge of SEO principles and best practices
- Experience with at least one front-end framework such as React, Angular, or Vue
- Experience with server-side programming languages such as Python, or Node.js is a plus
- Familiarity with version control systems such as Git
- Excellent problem-solving skills and attention to detail
- Strong communication and collaboration skills
- Ability to work independently and as part of a team

If you are a motivated individual who is passionate about bioinformatics and is eager to work in a dynamic and collaborative environment, we encourage you to apply for this exciting opportunity!
