JOB DESCRIPTION
QUALITY CONTROL INTERN

Job Title	Quality Control Intern
Location	1st & 2nd Floor, Room 201, D.C Tower, 111D Ly Chinh Thang, Vo Thi Sau Ward, District 3, HCM city
Internship Type	Full-time
Duration	03 months

Job Overview

We're looking for a detail-oriented, analytical QC Intern to join our team. You'll ensure our products meet top standards in performance, reliability, and compliance. In addition, you'll work closely with developers, PMs, and designers to uphold and improve software quality through solid quality assurance methodologies.

What You'll Be Doing

As a QC Intern, you'll support quality assurance activities across teams, gain hands-on experience with testing workflows, and help maintain high product standards. Your responsibilities will include, but are not limited to:

- **Support Quality Procedures:** Assist in applying quality control processes to align with internal standards and industry best practices.
- **Conduct Software Testing:** Perform functional, regression, and performance testing to detect bugs, inconsistencies, and improvement areas.
- **Analyze Quality Metrics:** Support data analysis to evaluate product performance and recommend enhancements.
- **Collaborate with Development Teams:** Help define quality requirements, share feedback, and troubleshoot software issues.
- **Ensure Product Reliability:** Contribute to repeated test executions to verify system stability and functionality.

ALPHASPHERE
Engineering The Future, Today

- **Report and Document Findings:** Log test results and quality issues clearly to support continuous improvements.
- **Optimize QA Workflows:** Assist in refining processes to enhance efficiency, traceability, and compliance.

Your Skills And Experience

Must Have:

- Bachelor's degree (or final-year student) in Computer Science, Engineering, Quality Assurance, or related fields
- Basic understanding of quality assurance methodologies and software testing concepts
- Strong analytical thinking and attention to detail
- Good communication and teamwork skills
- Eagerness to learn, grow, and adapt in a fast-paced environment
- A growth mindset and willingness to take on challenges
- Curiosity about systems, data, and quality control tools

Nice To Have

- Familiarity with databases (e.g., MongoDB) or interest in learning about data integrity and validation
- Familiarity with manual or automated testing tools is a plus
- Testing-related certifications are a plus.

Benefits

- Monthly allowance
- Hands-on experience with real projects and on-the-job training guided by experienced mentors.
- Yearly team outings and events.
- Flexible working hours from Monday to Friday.
- Free drinks, snacks, parking, and access to internal clubs.

Together, we can achieve great things and make a lasting impact in the industry. Join us on this exciting journey!
